Mykola Delianskyi

Computer Games Design student · Cambridge, UK

ylive9964@gmail.com mykoladel.github.io github.com/MykolaDel mykoladel.itch.io

PROFILE

Second-year Computer Games Design student who builds complete small games on his own, from the first idea to a playable build. Most interested in narrative and level design. Comfortable in both Unity and Unreal Engine. Several years of hospitality work in busy London hotels taught me teamwork, reliability and staying calm under pressure.

PROJECTS

The First Colour 2026

Unity 6 · Visual Scripting · Ink · solo

Dark-fantasy narrative adventure with a trust system and five endings. Wrote the branching story in Ink and built all gameplay logic, cutscenes, achievements and menus with Visual Scripting.

Kirk's Notes ARU

Unity · solo

First-person maze puzzle game. Notes on the walls guide the player through colour-key doors, turrets and hidden rooms; time affects the final score.

Robot Teleport Puzzle ARU

Unreal Engine · Blueprints · solo

Added a new teleport mechanic to an existing puzzle template, triggered by buttons and pressure plates, plus a secret ending.

LazyKnight ARU

Unity 2D · solo

Four-level platformer with static and moving hazards, a health and score system and a fireball ability on the final level.

SKILLS

Engines: Unity, Unreal Engine

Scripting: Unity Visual Scripting, Blueprints, Ink, C# (basics)

Tools: Figma, Git & GitHub, Unity Timeline, URP

Languages: English, Ukrainian, Russian (fluent)

Strengths: teamwork, time management, attention to detail

Also: working under pressure, customer service

EDUCATION

BA (Hons) Computer Games Design 2025 – present

Anglia Ruskin University, Cambridge

EXPERIENCE

Housekeeping Porter, Nobu Hotel, London Jun – Aug 2026

Supported housekeeping in a luxury five-star hotel, kept service areas organised and met premium guest standards.

Waiter, Mirror Banquet Hall, London 2026

Served food and drinks at weddings and large events, working closely with kitchen and bar teams.

Housekeeping Porter, Lancaster Gate Hotel, London 2023 – 2025

Delivered linen and supplies across the hotel, kept stock rooms organised and handled guest requests quickly during busy periods.
